Do I need to be trapped here
Inside the dark reality

Someone take me out
Take me out from this reality
Take me out so I can experience duality
Take me out so I can see a dream
Take me out from this hopeless life

Will I know the world I've dreamed
Or just see the world I've always saw
Something will be better than now
When I'm out from this wrecked life

Someone take me out
Take me out from this reality
Take me out to some where I can see
Take me out so I can open my eyes
Take me out from this hopeless life

I'm out of here
Just to see a dream
I'd do anything
Just to see that dream
But will anyone take me out?

Well I'm not gonna see the same everyday
I need to find a way to go my own way
Take me out
Take me out
Take me out

Let me see what I've always wanted to see
To see what my dreams could be
Let me see if anyone can take me out
To a world without pain that I've always had

Well take me out
Take me out from this reality
Someone
I don't wanna see the real image of me
Take me out,

Take me out from this dark reality
