Just to get to the end  
I've thrown away too much  
Now I lost the place to stay  
And the past seems far away  
I didn't try to take my pride  
I couldn't find what was right  
Because I've left too much behind

I only made it to the end  
I've got nothing else but life  
Now I miss you, but I know it's late  
Cause' there's dreams to break and some to make  
I haven't made one for so long  
I couldn't find what was wrong  
Because I've left too much, when I was young

Anyone, could have reached here anytime  
Anyone, would have took their time  
Now that I've lost all the time I could have spent  
I almost forgot what life was meant for  
But I'm too late, there's no way back  
And I'm to hate, when I came to the end

I waited so long in the end  
I've had things that I'll regret  
Now the time has come, but I know  
That I can't look at you, I need to go  
I knew it wasn't all, but it's still wrong  
Whatever I've made up, we couldn't come along  
Because maybe, I won't even be able to look behind

Anyone, could have reached here anytime  
Anyone, would have took their time  
Now that I've lost all the time I could have spent  
I almost forgot what life was meant for  
But I'm too late, there's no way back  
And I'm to hate, when I came to the end  
Anyone, could have reacher here anytime  
Anyone, could have took their time

I'll start heading towards the downfall  
Maybe it was just a lie afterall

I've lived everyday, with thousands of blood  
I've lied every say, and I've lived till' today  
Just to get to the end  
(Just to get, just to get  
Just to get, just to get  
Just to get, just to get)
