I tripped on the floor again
I know I'm looking like a fool again
Who cares about my reputation
It's always undercover and it'll always stay the same

I'm just one of those jokers
I'd never cared about what they say
I'm just one of those jokers
I'd never knew what honor could be

I tripped on the floor again
I know I'm looking like a fool again
Won't bother if you make jokes about it
If it'll make a smile and always stay the same on your
face
Whoa

I'm just one of those jokers
I'm the one who they make fun of
I'm just one of those jokers
I've always known what entertain could be

I'm just one of those jokers
I'll always be the one that makes them laugh
I'm just one of those jokers
I can only make your face smile

Just one of those jokers
I was the type of ones that entertained
Cause' I'm just one of those jokers
I know I'm looking like a fool

Just one of those jokers
I want you to make you smile
I'm just one of those jokers
I'd never cared what they said
