Say I'm wrong, I'm lost in this confusion
When you starr back, I've learned to ignore
But that's not enough, I want more
Time pasts by, we start the path again

You held me tight, but it's alright
Just let go, give me a little time off
Was my time so worthy?
Did it fall off, loose place so early?
I want it to be, filled of thrill
Even if it risks our love
I want it to be a secret tight (A tight secret)

Now where are we, must be lost together now
When I starr at you, I've learned to blink
But that's not rough, I want more
Time pasts by, we want to end this path now

You held me tight, but it's alright
Just let go, give me a little time off
Was my time so worthy?
Did it fall off, loose place so early?
I want it to be, filled of thrill
Even if it risks our love
I want it to be a secret tight (A tight secret)

Help me (help me)
Our secret (help me)
Don't breakdown (help me)
Help me (help me)
I don't have any intention
But I always wanted your attention
Now let's start again, let me go (let me go)
Let me go (help me)

You held me tight, but it's alright
Just let go, give me a little time off
Was my time so worthy?
Did it fall off, loose place so early?
I want it to be, filled of thrill
Even if it risks our love
I want it to be a secret tight (A tight secret)

Even if it risks our love
I want it to be a secret tight (A tight secret)
