I have my sight painted black
I know it's all wrong, but there's no way back
This is what I got
When I feared to fall

You don't know what it's like
To fall from the top of the world
And my ecstasy and all my leadership
It just turned to dust, know I lost my trust

You see those clocks, they never stop
Every second you waste, they ruin your pace
This is what you'll get
When you fear to fall

You don't know what it's like
To fall from the top of the world
And my ecstasy and all my leadership
It just turned to dust, know I lost my trust
When everything has turned to dust

When you've fallen from the
Top of the world
(Top of the world)
Top of the world
(Top of the world)

Now I've known enough
Let me go out from the rough
I don't see any greed anymore
Let me out to the top, where I was before

You don't know what it's like
To fall from the top of the world
And my ecstasy and all my leadership
It just turned to dust, know I lost my trust
When everything has turned to dust
