On the first day of Christmas my true feels gave to me  
A stab in the back

On the second day of Christmas my true feels told to  
me  
Two things to learn, and a stab in the back

On the third of Christmas my true feels made me say  
Three pictures to burn, two things to learn  
And a stab in the back

On the fourth day of Christmas my true feels let me go  
Four promises, three pictures to burn, two things to  
learn  
And a stab in the back

I want something for Christmas  
All the presents and all the bless  
But I never wanted anything like this  
Anything like four promises  
Three pictures to burn, two things to learn  
A stab in a back and I have a lack of senses

On the fifth day of Christmas my girlfriend gave to me  
Five reasons she hates me

On the sixth day of Christmas my tired mind made me  
hear  
Six imaginations, and five reasons she hates me

On the seventh day of Christmas, my dreams were  
hard to be  
Seven consequences, six imaginations, and five  
reasons she hates me

On the eighth day of Christmas, my friends cheered  
me up from  
Eight paranoia, seven consequences, six imaginations  
And five reasons she hates me

I want something for Christmas

All the presents and all the bless  
But I never wanted anything like this  
Anything like eight paranoia  
Seven consequences, six imaginations  
And five reasons she hates me

On the ninth day of Christmas, my father told to me  
Nine ways to feel better

On the tenth day of Christmas, my family were  
screaming at me  
Ten swearing words, but nine ways to feel better

On the eleventh day of Christmas, my misfortune  
brought to me  
Eleven teardrops, ten swearing words, but nine ways to  
feel better

One the last day of Christmas, my ex-girlfriend brought  
to me  
Twelve apologies, eleven teardrops, but ten swearing  
words  
And nine ways to feel better

I want something for Christmas  
All the presents and all the bless  
It's coming down to something finally  
With a stab in the back, two things to learn  
Three pictures to burn, four promises  
Five reasons she hates me, six imaginations  
Seven consequences, eight paranoia  
Nine ways to feel better, ten swearing words  
Eleven teardrops, twelve apologies  
And a blissful Christmas
