Too much untouched
So much I've watched
They're all coming true
But they're always for you
You always got what you want
Not a thing that I've really got
I'm the only one without my wildest dreams
Cause' life is never true as it seems

Va-va-va-va vanity
Show me what came true
Va-va-va-va vanity
I still have problems to muddle through
Va-va-va-va vanity
Well I wonder how it'll be
Famous and glamorous and everyone will see me
Hate to admit this vanity

Nothing wrong with a little itch
Sing a song that'll make me rich
I continue to imagine
A world with me being the fassion
I'm still chasing your shadow
Time stands still, and I wasn't born to follow
I'm the only one without my wildest dreams
Cause' life is never true as it seems

Va-va-va-va vanity
Show me what came true
Va-va-va-va vanity
I still have problems to muddle through
Va-va-va-va vanity
Well I wonder how it'll be
Famous and glamorous and everyone will see me
Hate to admit this vanity

Coming around open handed
Bringing down the understanding
Va-va-va-va vanity
(Trapped inside vain insanity)
(X4)

Va-va-va-va vanity
Show me what came true
Va-va-va-va vanity
I still have problems to muddle through
Va-va-va-va vanity
Well I wonder how it'll be
Famous and glamorous and everyone will see me
Hate to admit this vanity
