Today was the only day
Today was the day you didn't want to waste
(Today, today, today)
Today wasn't the only day
Today was one of the days you've spent
With regret
I'll throw it back and follow you
I'll throw it back under the rain
It won't hurt, it shouldn't
It won't hurt, it couldn't

Your heart, they stayed the same
Your mind, they threw away my name
(Your mind, your mind)
Your heart, had a slight change
Your mind, lost something that it was used to
But you forget
I'll throw it back and follow you
I'll throw it back under the rain
It won't hurt, it shouldn't
It won't hurt, it couldn't

I'll throw it back and follow you
You can't stop and come to me
I'm a stranger, you won't know me
I'm a stranger, you didn't see me
And you'll strangle me, within my head
Because now
(You lost again, you lost some things, there are two)
And now
(You lost your friend, now there's one person, only you)
And now
(You lost the dirt, something ruining your red tattoo)

If you had a dream, will it be to start today again?
Picture the scene, as you chill and your heart begins
To fall, to fall, you don't know how to fall, to fall
It won't hurt, it just can't
I forgot my name, a long time ago
