When it rains
It's always the day I was crying
Repeating again
I'm walking down the street like I'm dying

I made myself dead when I believed in what I thought
That I couldn't break up what I have caught
And convince myself that it's coming to an end
I'm tired and bored, I'm never gonna' see the sun and

I'm coming home, coming home feeling so alone
It's so unknown, so unknown where I get this feeling
I can't escape, I feel underneath everything
When it rains, I just can't hold up anything
Oh-oh ooh
Oh-oh ooh, how many more times is this going?
But I've resettled this everyday and I'll be smiling
By tomorrow morning
Oh-oh ooh
Oh-oh ooh

I always needed some sort of reason
I could never trust someone or try to believe in
Something I never expected to be happening to me
I'm down on the floor, I'm never gonna' feel done and

I'm finding a reason, I'm trying to believe in you
Before the storm comes, before the story is done
When it's gonna' be rainy, can anyone amaze me?
Life is tiring and boring, I'm never going to catch up

I'm coming home, coming home feeling so alone
It's so unknown, so unknown where I get this feeling
I can't escape, I feel underneath everything
When it rains, I just can't hold up anything
Oh-oh ooh
Oh-oh ooh, how many more times is this going?
But I've resettled this everyday and I'll be smiling
By tomorrow morning
Oh-oh ooh
Oh-oh ooh

And oh, when could one stop the rain?
And so, will anything try to explain?
Oh, I'm trapped inside
Oh, I'm finding some where to hide
From the inside
I can't escape, I feel underneath everything
I don't believe in faith, beneath the lies I've made

But when it rains, I just can't catch up to you
And when it rains, it's always when I cry
When it rains
It's always the day I was crying
Repeating again

I'm coming home, coming home feeling so alone
It's so unknown, so unknown where I get this feeling
I can't escape, I feel underneath everything
When it rains, I just can't hold up anything
Oh-oh ooh
Oh-oh ooh, how many more times is this going?
But I've resettled this everyday and I'll be smiling
By tomorrow morning
Oh-oh ooh
Oh-oh ooh
Oh-oh ooh
