"What About Love"

Like shining oil, this night is dripping down
Stars are slipping down, glistening
And I'm trying not to think what I'm leaving now
No deceiving now

What about love that lasts forever?
What about time to see it through?
If you don't give, you just don't get it
What about me?
What about you?
Let the sun fade out and another one rise
What about climbing through tomorrow?
If you don't give, you just don't get it
What about me?
What about you?

This air between us is getting thinner now
Into winter now, bittersweet
Across that horizon this sun is setting down
You're forgetting now

What about love that lasts forever?
What about time to see it through?
If you don't give, you just don't get it
What about me?
What about you?
Let the sun fade out and another one rise
What about climbing through tomorrow?
If you don't give, you just don't get it
What about me?
What about you? (What about love?)

And tell them I couldn't help myself
And tell them I was alone
Oh, tell me I am the only one
And there's nothing left to stop me

What about love that lasts forever?
What about time to see it through?
If you don't give, you just don't get it
What about me?

What about you?
Let the sun fade out and another one rise
What about climbing through tomorrow?
If you don't give, you just don't get it
What about me?
What about you? (What about love?)
