Verse 1

This Galaxy's an unworthy place
Every star's intent is to light your face
But you're the one who illuminates the ether

I lay still as my heart runs dry
With ideas to capture a piece of the sky
And make it fit into a short love letter

Pre-chorus

And I would recite
The feelings I sustain tonight
(Repeat)

Chorus

So don't go away
This busted lyrical bouquet
Is all that I can offer
This is all that I can say
(Repeat)

My voice is warm with rehearsal's mark
I could trust in fate till the sun goes dark
But fate won't satisfy this dying notion

My bedroom's air's bleeding with dismay
I take my time you might call it delay
Either way I take my time to still the commotion

Pre-chorus

And I would recite
The feelings I sustain tonight
(Repeat)

Chorus

So don't go away
This busted lyrical bouquet
Is all that I can offer
This is all that I can say
(Repeat)

Bridge

If you listen close
You can always hear me waiting
Sounds like chasing ghosts
As the hourglass is fading
(Repeat 4x)

Chorus
So dont go away
This busted lyrical bouquet
Is all that I can offer
This is all that I can say
(Repeat)
