"Never Knew"

I just ran into a few someones today.
Someones that I never really knew.
And I use to think how I had them all so figured out..

But no.
None of it's true.
'Cause I never knew you.
And now the truth of it is,
Is I wanna be like you.
So hello,
Good friend.
I wanna be next to you.
From my head, from my heart, for it's true.

So about all the thoughts of the things that I once had.
Because you tore down the walls the world has put
inside my head.
And I just get sick of the the things that we think, we
think, we know.

But no.
None of it's true.
'cause I never knew you.
And now,
The truth of it is,
Is I wanna be like you.
So hello,
Good friend.
I wanna be next to you,
From my head, for my heart, for it's true.

So take me,
And save me,
And change me,
And then make me,
And embrace me,
And then brave my heart for you.
No,no.
'cause I can't go
On without you.
And it's time for something never knew.

But no.
None of it's true.
'cause I never knew you.
And now,
The truth of it is,
Is I wanna be like you.
So hello,
Good friend.
I wanna be next to you,
From my head, for my heart, for it's true.

And as they strolled along,
My heart broke out in song.
From all the things and the thoughts and assumptions
that I had wrong.
So now I'll be on my way,
To make this claim,
I'll make it famous,
And every day,
I'll make it stay.
When I will say,

That no.
None of it's true.
'Cause I never knew you.
And now,
The truth of it is,
Is I wanna be like you.
So hello,
Good friend.
I wanna be next to you,
From my head, for my heart, for it's true.

No.
None of it's true.
'Cause I never knew you.
And now,
The truth of it is,
Is I wanna be like you.
So hello,
Good friend.
I wanna be next to you,
From my head, for my heart, for it's true.

Ooh, no no no.
None of it's true.
'Cause I never knew you.
And now,
The truth of it is,
Is I wanna be. wanna be, wanna be, like you.

So hello,
Good friend.
I wanna be next to you.
From my head, for my heart, for it's true.
