Way up high

A patient cloud is looking down from the sky

He's looking for the perfect flower to give

Himself to, he waits so long

The wind blows in

A hundred colds who flash and thunder and spin

They pour out all they've got and fall to the ground

A patient cloud sits alone in the sky

Until one day when hope was fading

A bright petal marked the end of waiting

He's above the world but this flower is all he sees

So he gives her all he's got and sings

A flower like you comes once in a lifetime

A flower like you is everything I find

Irresistible mile high unmissable

And when you soak in my rain I know

That this is love

Down on the ground

A patient boy looks for a face in a crowd

He's waiting for the perfect girl to give

Himself to he waits so long

Night brings by

A hundred guys who reach and fall for the lie

They'll give it all to anyone who says yes

A patient boy stays and waits for the best

But then one day when hope was fleeting

A bright smile started his heart beating

In a world of faces

She's the only one he sees

The wait was worth it all because

A girl like you comes once in a lifetime

A girl like you is everything I ring

Irresistible eyes shut kissable

And with your arms around me I know this is love

'cause
A girl like you comes once in a lifetime
A girl like you is racing through my mind
It's unmistakable we'll be unbreakable
And when I feel your heart I know
That this isÂ...

Love Love Dah Dah Dah
Love Love Dah Dah Dah
I've waited my life to say
That I can feel like I'm alive
When I'm with you

A girl like you comes once in a lifetime
A girl like you is everything I ring
Irresistible eyes shut kissable
And with your arms around me I know this is love
'cause
A girl like you comes once in a lifetime
A girl like you is racing through my mind
It's unmistakable we'll be unbreakable
And when I feel your heart I know
That this isÂ...

Love Love Dah Dah Dah
Love Love Dah Dah Dah
I've waited my life to say
That I can feel like I'm alive
When I'm with you

I'm a cloud
You're a flower
True love waits
And you're worth waiting for
