Now, let's take it back to January.  
An overflowing heart, an empty wallet scene.  
Some wheels and a guitar yeah, you think we're crazy.  
Driving on the ways of the hot and free.  
And so we just hold on.  
I remember rolling through some state into a hotel  
scene,  
With pennies to my name,  
I remember thinking I can't sleep but she's loving me.  
And so we just hold on.  
Just hold on.

And here with you under these covers,  
I'll stay with you there is no other.  
We share a name, we share a wonder.  
And on the roads ahead, we'll keep going further.  
Woah, woah yeah.

And all the struggles and honorable mentions,  
That pave our history we're all of my attention.  
It's just surrounding you,  
I forget all that has used me, bruised me,  
Roaming on the thrill.

Cause here with you under these covers,  
I'll stay with you there is no other.  
We share a name, we share a wonder.  
And on the roads ahead, we'll keep going further.

The rest is right, the rest is wrong.  
The rest will come when it comes along.  
The rest will find us, we belong here.

The rest is right, the rest is wrong.  
The rest will come when it comes along.  
The rest will find us, we belong here.  
Oh, oh, oh yeah.

Cause here with you under these covers,  
I'll stay with you there is no other.  
We share a name, we share a wonder.  
And on the roads ahead, we'll keep going further.

Cause here with you under these covers,  
I'll stay with you there is no other.  
We share a name, we share a wonder.  
And on the roads ahead, we'll keep going further.

The rest is right, the rest is wrong.  
The rest will come when it comes along.  
The rest will find us, we belong here.
