Hey what you got you don't know
Anything that I'm gonna say right now
'cause I'm not so sure why I'm here and why I wanna
Keep on hanging 'round right now
Not that I do it now or any day
Sometimes I just get burned out
About lots of things and well just doubt

So tell me something good you got it and
Why am I so misunderstood 'cause I wanna know this
'cause I'm confused and do I break into two
So tell me how about you

Hey what you got something bad and I want it
Even though I know it's wrong
But I won't be blessed 'cause I know this so I can't have
that
So I can show I gotta be strong
Man I don't wanna be able to breathe
Be able to see what's become
Of the wars of this world
And the wars from my tongue

So tell me something good you got it and
Why am I so misunderstood 'cause I wanna know this
'cause I'm confused and I bruise yes I do so tell me
how about you
So please just tell me something good you got it and
Why am I so misunderstood 'cause I wanna know this
Come on baby and race me and maybe we'll just find
ourselves

I wanna be I wanna be like that mountain
I wanna stand taller and bigger than rest
See I just wanna be it a guy who wins all the time
I wanna be a big star a king and rule my own life
And God I know that it's wrong
So please just make my heart right
Inside and destroy my pride

So you can tell me something good you got it
Why I am so misunderstood 'cause I wanna know this

'cause I'm confused and I bruise yes I do so tell how
about you
So please just tell me something good you got it and
Why am I so misunderstood 'cause I wanna know this
Come on baby and race me and maybe we'll just find
ourselves

Hey what you got something bad and I want it
Even though I know it's wrong
