

## Rockfords "This Life"

Visit "[This Life](#)" on MotoLyrics.com

I've been working hard  
For seven days a week  
And I've got my heart  
That's about all I keep  
You see I know what I can really do I'm gonna keep my  
head  
See things through  
Turn this life into something real This life  
Turn it into gold  
The life  
Turn it into something I can hold onto  
Everyone has an alibi  
Reasons why they never took a chance  
I can't remember mine  
See I let go of that dance  
You see I know what I can really do I'm gonna keep my  
head  
See things through  
Turn this life into something real  
(Chorus)
