

## Rockfour "Powers"

Visit "[Powers](#)" on MotoLyrics.com

Is it all about the powers  
That the bees come to the flowers?  
Yes I know, yes I know  
Do I really need to bother  
And to look for the other?  
I don't know, I don't know  
It's over and out

And it all comes to an end...  
I think so!

And you gave me no good reasons  
God, you know this isn't easy  
Well I know, yes I know  
Is it all about the secrets?  
No one ever knew the frequencies I know  
Yes I know

And it all comes to an end...  
I think so!
