Have you a moment to listen to this?  
One opportunity you'll never miss  
Oh, it disappeared  
And it won't be coming soon

Blesses and prayers kept locked in a chain  
Fist letting go till it's time to return  
And she's full of fears  
And forever they will stay

Tell me a story  
Give me some hope  
One for tomorrow  
When she's full of fears

Angels, angels, around in her head  
Till it collapsed then she forgets  
For years after years

Now they have met, not face to face  
Still it's so hard to be held and embraced  
Cause she's full of fears  
And forever they will stay

Screaming sirens came near you  
It's inside

And after all this time she meant to fly  
For years after years she has kept it in inside  
But still she couldn't find her way out  
She'll stay, oh man, she'll stay to get it done

Have you a moment to listen to this?  
One opportunity you'll never miss  
And she's full of fears...
