It's easier today to start it all again  
With you  
A dream it could have been captured in a film  
With you

Days I've spent alone, believing you will rescue me

It's true I can't control myself  
Hey you, hang on to fairy tales  
With you I have never felt so good

Supermarket  
Escort girls  
Late shows on t.v.  
Sixty minutes  
Is all I really want from you

So easier today, yeah, we could start it all again  
You tell me what is wrong  
Just what am I supposed to be?

It's true I can't control myself  
Hey you hang on to fairy tales  
With you I have never felt so good

It's been so long...
