I feel the change  
A million ways to turn the page  
"No way!" she said  
I thought you knew it wouldn't last for long

And I just don't know  
Well, I don't know why you came  
It never ends, I keep forgetting what you hate  
Don't say -

Goodbye my love  
Cause I don't wanna leave you  
Tonight let out your phobia  
Goodbye my love  
Always did believe in a crash, we're like  
Wild animals

So fast I've lost today  
But I'll be on track again  
And I just don't know  
Well, I don't know why you came  
It never ends, I keep forgetting I'm to blame

But I feel the change  
Killed the rage  
Keep forgetting what you hate  
Don't say -

Goodbye my love  
Cause I don't wanna leave you  
Tonight let out your phobia  
Goodbye my love  
Always did believe in a crash, we're like  
Wild animals

And if you meant to move ahead  
Goodbye  
I won't mind  
And if you have another half  
Goodbye  
I'll let go of everything
