How would you feel  
If I asked you to spend your whole life with me  
Baby believe in me  
'Cause as strong as I'm for you from someone else  
would never be

Yeah, it's real, it's real, it's real  
I've never felt this way before  
So say you'll be mine  
Together we will open every door

You and me  
Together forever  
You and me  
Just us two

You and me  
Belong together  
Sharing everything that we do

Now you give me and I give you  
I do what you want me to  
Baby we can make it right  
We'll be together forever

You and me  
Just the two of us

When I was down  
You came along and picked me up and made me  
strong  
Yes it's true that my love for you makes the nights short  
And my days too long

There you were from out of nowhere  
Just like the sunshine on a rainy day  
And I thank you for helping me  
To take the loneliness away

Oh, you and me  
Together forever  
You and me

Just us two

You and me  
Belong together  
Sharing everything that we do

Now you give me and I give you  
I do what you want me to  
Baby we can make it right  
We'll be together forever  
You and me

Just the two of us

You and me  
Girl, we'll be together eternally

You and me  
I wanna thank you  
For sharing you love  
With only with me

You and me  
I never felt this way before  
Believe me
