

## Darin "Before I Pass Out"

Visit "[Before I Pass Out](#)" on MotoLyrics.com

Party time, yeah  
Darin, Lil Jon  
Let's see if you can keep up with us drinking tonight

It's getting late  
But damn, it's getting harder to leave  
The more I drink  
The prettier she gets to me

I'm saying one shot, two shots, three shots, four  
Tell the DJ turn it up just a little more  
Turn up the bass, the music is intoxicating  
Woah-oh, yeah

I know when I've had enough  
Think I might have had too much  
Maybe I should slow it down  
Before I, 'fore I, 'fore I

Before I pass out, out, out  
Before I pass out, out, out  
Before I pass out, out, out  
Before I pass out, out, out  
(Let's go)

It's getting late  
But damn it's getting harder to leave  
The more I drink  
The sexier she gets to me

I'm saying one shot, two shots, three shots, four  
Tell the DJ turn it up just a little more  
Turn up the bass, the music is intoxicating  
Woah-oh, yeah (Let's go)

I know when I've had enough  
Think I might have had too much  
Maybe I should slow it down  
Before I, 'fore I, 'fore I

Before I pass out, out, out  
Before I pass out, out, out

Before I pass out, out, out  
Before I pass out, out, out  
(Here we go)

Got sick, hey  
Bottles on deck, deck  
Put your drinks up  
If you love having sex

We got trays full of shots  
Done holler from the block  
Now make some fucking noise  
'Cause this party don't stop

It's your birthday, hey  
It's your birthday  
Gimme, gimme shots  
We gon' party like your birthday

Sexy girl, I wanna slay your body girl  
You so cray, Damn I'm in  
You ma fay  
That's one thing I gotta say

I know when I've had enough (Hey)  
Think I might have had too much (Too much)  
Maybe I should slow it down (Slow it down)  
Before I, 'fore I, 'fore I (Yeah baby)  
(Before I pass out)

When I've had enough (Hey)  
Think I might have had too much (Too much)  
Maybe I should slow it down (Slow it down)  
Before I, 'fore I, 'fore I

Before I pass out, out, out  
Before I pass out, out, out  
Before I pass out, out, out  
Before I pass out, out, out

Pour me another one, motherfucker  
Ha ha ha ha
