Let her know it's getting close
To the time when your heart's about to show
Don't hold back, it's okay to express yourself
No matter what it takes

There's something you wanna say
This feeling won't go away
She's all in your dreams

Come on, just let it go
Don't make it emotional
You gotta believe

You need to know how I feel
'Cause baby, I'm falling in love
It's something I can't deny

You need to know it's for real
'Cause baby, you are the one
You are my paradise

Now's your chance, take her hand
Give every reason you should be her man
All she needs is a sign, gotta let her know
What's really on your mind

It's too much for you to take
And now that you're face to face
It feels like a dream

Come on, just let it go
Don't make it emotional
You gotta believe

You need to know how I feel
'Cause baby, I'm falling in love
It's something I can't deny

You need to know it's for real
'Cause baby, you are the one
You are my paradise

You need to know how I feel
'Cause baby, I'm falling in love
It's something I can't deny

You need to know it's for real
'Cause baby, you are the one
You are my paradise

There's something you wanna say
This feeling won't go away
She's all in your dreams

Come on, just let it go
Don't make it emotional
You gotta believe

Paradise
Paradise

You need to know how I feel
'Cause baby, I'm falling in love
It's something I can't deny

You need to know it's for real
'Cause baby, you are the one
You are my paradise
