(Verse)

I can tell that you ding and I dig it too
What's it gotta do, I'm falling for you.
And you know what you want and I'll find a way
Someway.

(Pre-Chorus)

I need to be where you are
Can't keep away, not too far.

(Chorus)

You know baby, I like you,
Do you take me back?
Say that you want me, cause I want you back.
You need to get closer to know what you have,
I'm yours, so yours.

Baby, I can't take the distance no more,
Say that I got you, don't put me on hold,
Now I am here cause I want you to know
I'm yours, so yours.

(Verse)

Tired of thinking of things that could go wrong,

Now's the time and I've waited so long,
Gotta know what you think, if you feel the same.

(Pre-Chorus)

I need to be where you are
Can't keep away, not too far.

(Chorus)

You know that baby, I like you,
Do you take me back?
Say that you want me, cause I want you back.
You need to get closer to know what you have,
I'm yours, so yours.

(Bridge)

Baby, do you look back at me,

I just want you to see all that's fine in me
I'll be all that you need,
I'm yours, so yours.

(Chorus)

Baby, I can't take the distance no more,
Say that I got you, don't put me on hold.
Now I am here, cause I want you to know
I'm yours, so yours.
