I saw her last night, standing in the crowd
And in a sudden flash of glory, I was blinded
And though everything was moving
My whole world came to stop
And now I need to know, please I need to know

Who's that girl? Tell me what's her name
Who's that girl? Does she feel the same?
Who's that girl, huh? This is no ordinary crush
If I have to I'll go halfway 'round the world
Who's that girl?

Angel eyes of mine, where have you gone to?
Were you really here or was it just a dream?
In a sea of smiling faces, someone special caught my
eyes
Now I need to know, please I need to know

Who's that girl? Tell me what's her name
Who's that girl? Does she feel the same
Who's that girl, huh? This is no ordinary crush
If I have to I'll go halfway round the world

Who's that girl in the white dress?
With the deep blue eyes
And the magic smile
Has anybody seen her?

And though everything was moving
My whole world came to stop
And now I need to know, please I need to know

Who's that girl?
(Who's that girl in front of me? I wanna tell you I love
you)
Who's that girl?
(Oh, I don't even know who you are)

Who's that girl?
(I wanna know, what's your name, tell me who you are,
baby)
If I have to I'll go halfway around the world

(Yahay)

Who's that girl?

(Show me, show me, I wanna see your face, baby)

Who's that girl?

(Baby girl, baby girl, no)

Who's that girl?

(Tell me, ooh)

This is no ordinary crush

If I have to I'll go halfway 'round the world

Who's that girl?

Has anybody seen her?
