I can't believe she's gone  
I can't believe that  
We're not together anymore  
Something in her eyes,  
I've never seen before

It took me by surprise  
When she said, "I'm not in love anymore"  
Oh, baby, I keep holdin' on, can't let go  
Please let me know

Why does it rain?  
Why does it hurt?  
Please God explain  
'Cause I don't understand  
Love made me fly, now I just cry

Please tell me why  
(Oh, my baby)  
Why does it rain?

We used to be as one  
We never were apart  
(No)

The sun was always shinin' in my heart  
Now those days are gone  
I miss the love we had

No one ever told me  
Life could be so sad  
Oh, baby

I keep holdin' on, can't let go  
Please let me know

Why does it rain?  
Why does it hurt?  
Please God explain  
'Cause I don't understand  
Love made me fly, now I just cry

Please tell me why  
(Oh, tell me)  
Why does it rain?

(Ooh, ooh, ooh)  
(Oh, my baby)  
(Ooh, ooh, ooh)  
I keep holdin' on, can't let go  
Please let me know

Ooh, why does it rain?  
Why does it hurt?  
Please God explain  
'Cause I don't understand  
Love made me fly, now I just cry

Please tell me why  
Why does it rain?  
(Why does it hurt?)

Please God explain  
'Cause I don't understand  
Love made me fly  
(Ooh, ooh)  
(Now I just cry)

Please tell me why  
(Ooh, no)  
Why does it rain?
