Chorus

C'mon baby let's rock our Blues away  
C'mon baby let's rock our Blues away  
Kick the trouble off our minds  
And worry the next day

Chorus

Granny gave me her old rockin' chair  
Said she didn't need it now that Grampa wasn't there  
Let's go take Granny's rockin' chair  
And rock it till we break it 'cause we just don't care  
We gonna rock it baby rock it all night and day

Chorus

Well, your Mama's watchin' me but I just don't care  
Did she get just what she was lookin' for  
Your Daddy's givin' me his evil glare  
Like he thinks I'm some kind a dirty whore  
But that's ok we gonna rock our Blues away

Chorus

Well, c'mon baby let's rock  
C'mon baby and rock it with me  
C'mon baby let's rock  
C'mon baby and rock it with me  
Let's go baby we gonna rock our Blues away

Rock it baby rock it baby rock it  
Rock it baby rock it baby rock it with me  
Rock it baby rock it baby rock it  
Rock it baby rock it baby rock it with me  
Let's go baby and rock our Blues away
