That man of mine he don't look fine  
But his looks get better with a glass of wine  
He takes that glass right outta my hand  
And says, c'mon baby, let me be your lover man

Yeah, I've had plenty men that I can show around  
I can take 'em to the finest parties in town  
But when we're alone and the lights go low  
It's me who's wishin' I had somewhere to go

Refrain  
He's an ugly one  
Oooh wee  
That man of mine  
But when I turn out the lights  
He sure is fine

Bridge  
When he looks at me with his googly eyes  
I a start a dreamin' of some other guy  
When takes me in his arms and turns out the light  
He turns me on all night

Believe me!

When he walks down the street all the children start to  
cry  
Their mammas have to put their hands over their eyes  
And if they could see what he does to me  
They'd lock him up and throw away the key

Refrain

Bridge
