Something Fierce is gathering
Something wicked this way comes
All my fears are coming to a end
All my dreams are broken
To some degree I understand
That the goodtimes had to roll
But you see whats happening to me
I grab the straws and pay the tolls

Chorus:
cause all we were is nothing
it's hard not to agree
whats mine is yours
and what you got, you keep
I guess I didn't see

To hold your own. in possible
They can do more than you can
To sell your soul its incredible
You find a buyer, i'll be damned

Chorus

Keep your head up triumphant
Get caught gazing at your shoes
cause even if you wait its gonna be a be a little bit
before you make up all your losses and you cash in
your chips
all to say you lose

Chorus

(Dr. Jones solo)
