[Chorus]

every where i go
people line up for my shows
coz dey know
Iâ´m the best in the city, Iâ´m the best in the city
no matter who you are
you can tell that i am a star
you gotta know...
Iâ´m the best in the city, Iâ´m the best in the city
put ur hands up in the sky
and we rock from side to side
and you know...
Iâ´m the best in the city, Iâ´m the best in the city
if you hate it I donâ´t care
???????????????? outta here
and yuu know ..
Iâ´m the best in the city, best in the city

all green lights, rip trough the town ????

years going down in that red-on-red nine eleven
feel like i died and went to hiphop heaven
