(CHORUS)

This should go on forever  
It should never, ever end  
If it's wrong to really love you  
I'll forever live in sin

This should go on forever  
Let me stay in your arms  
Just to gaze into your eyes, dear  
And to capture all your charms

If it's sin to really love you  
Then a sinner I will be  
If it's wrong to hug and kiss you  
Oh, my soul will never be free

(CHORUS)

If it's sin to really love you  
Then a sinner I will be  
If it's wrong to hug and kiss you  
Oh, my soul will never be free

(CHORUS)
