My friend wants a new car,  
New phone, a studio, a house and a guitar.  
Me, I don't mind a ride that's old,  
Four track tape machine,  
And last year's iPhone...

Oh, I don't need anything but this.  
Oh, I don't need anything.  
Oh, I don't need anything but this.  
Oh, I don't need anything.

You're everything I need,  
Oh girl, you're smile's like a fortune to me.  
You're like a movie star,  
I'll be your leading man,  
Wherever we are...

Oh, I don't need anything but this.  
Oh, I don't need anything.  
Oh, I don't need anything but this.  
Oh, I don't need anything.

Oh, I don't need anything but this.  
Oh, I don't need anything.  
Oh, I don't need anything but this.  
Oh, I don't need anything.

Oh, I don't need anything...
