Late night conversations in a Jersey diner...I can't sleep.

☐ Me & the phone & a piece of pie, but the coffee is weak.

She needs to know, ☐ She needs to know, ☐ I need to tell her. ☐ Jersey, you see, ☐ Jersey, you see, ☐ I think she needs me.

Next flight out, ☐ Next flight out, ☐ Next flight out to Indy. ☐ Just for now, ☐ Just for now, ☐ I need to know if she loves me.

I'll fly away.

Hold my hand, so I can breathe.

Saying goodbye was the worst thing for me.

It's been a long time, since I've seen you last.

And it's been a while, since these photographs.

And nothing ever stayed with us, the way we hoped they would...

Goodnight, wherever you may be.

I'm coming home soon.

I'm coming home soon.

I'm on my way home,

I'll be seeing you soon.
