Hey baby
You been on my mind tonight

I'm so lonely
I just had to sit down and write.
I spent all yesterday trying to figure out what I'm gonna
say

A letter from my heart is so hard to start
Baby.
How's your momma? How's the weather? How's that
son of mine?

Hey baby
Been a long time since we made love

I'm stone cold
The bed's hard and the work is tough.
I'm never gonna leave you again

This job ain't worth the pain

No money in the world ain't worth being away from
you.

Ooh baby
I don't sleep without you by my side
Listen:

I'm in love with you woman
It's a common known natural fact

And I've found what I'm looking for but so much more
than that.

I'm lost in you
I'm lost in you

I'm lost in you
I'm lost in you.

Hey baby
You don't know what you've done for me

I'm so happy as any man can deserve to be.
I was living in a life of sin
God knows what a mess I was in

So glad you found me
I ain't getting any younger.
Hey baby
I just hope it ain't all a dream!

I'm in love with you woman

It's a common known natural fact
...

I miss you
Baby. - I miss you
Too.
I miss your laughter eyes

I miss our baby crying

I want to lay you out and kiss you all over.
I'm coming home real soon

Be ready
'cause when I do
I'm gonna make love to you like fifteen men!
I'm lost in you and I love it!
I'm lost in you and I love it!
I'm lost in
I'm lost in
I'm lost in you.
