My life is a heartbroken John Cusack film about self-discovery,
A best friend that don't quite get it and a girl that don't always want me.

This story arc is overdone but it's entertaining, it's entertaining.
Give me a new name, a new face...just please change something.

Cue the rain and life lesson - got my boombox over my head, it's this again...

Yeah ooh...I need a change in scenery.
Yeah ooh...Do more than pass the time.
I need a roadtrip, an old car and a rearview to wave goodbye...
Because tomorrow she's mine.

Discontent is for indie movies, I'm gonna get my freakin' happy ending.

I'm hum along to a soundtrack Zach Braff picked out but
in the end,

I wanna see that flatware singing and dancing like they're supposed to be.

Yeah ooh...I need a change in scenery.
Yeah ooh...Do more than pass the time.
I need a roadtrip, an old car and a rearview to wave goodbye...
Because tomorrow she's mine...

(All mine)
She's mine...
(All mine)

Yeah ooh...I need a change in scenery.
Yeah ooh...Do more than pass the time.
I need a roadtrip, an old car and a rearview to wave

goodbye...

Because tomorrow she's mine...(all mine)
