Just a telegram when your plane touches down
Are you sure that I ain't talking to myself?
And when the seatbelt sign goes on
You know you're not alone

'Cause Jodie, I still love ya'
All the while

And I wish ya' all the best with your current success
Don't let the flash boys turn your head
And I don't mind you havin' friends
But your love is not to lend

'Cause Jodie, I still love ya'
Always thinkin' of ya'
Jodie, I still love ya'
All the while

And I'm gonna have to get by anyway
And you know with the winter comin' on, it's gonna be
so hard
And I really really really really don't miss ya' anyway,
not anyway
And you know how I lie

So I wish you all the best with your current success
Don't let the flash boys turn your head
And I don't mind ya' havin' friends
But your love is not to lend, remember

Jodie, I still love ya'
I'm always thinkin' of ya'
Jodie, I still love ya'
All the while

Jodie, I still love ya'
I'm always thinkin' of ya'
Jodie, I still love ya'
All the time
