(Verse)

When I see you standing there when I come home from
work

My whole heart just skips a beat and I become a flirt
Weve been together many years and my love for you
still grows

But the dark clouds are gathering and our future is
unknown

Oh my little darling were gonna face hard times
But right now I got one thing on my mind

(Chorus)

Make love to me tonight like theres no tomorrow
You and only you can drive away my sorrow
Hold me in your lovely arms, never let me go
Wear that sexy lingerie turn the lamp down low
My my well work it out I know that well get through
I may be down but Im not out as long as I got you

(Verse)

This job of mine is on the line cause the batter is about
to close

You feel the pinch of hardship when the winter winds
blow

I wouldve borrowed from the bank but I dont think
theyre listening

Foreclosures are as common as a lying politician

Oh my little darling youre the rock on which I stand
Youre my strength and wisdom, the soul behind a man

(Chorus)

Make love to me tonight like theres no tomorrow
You and only you can drive away my sorrow
Hold me in your lovely arms, never let me go
Wear that sexy lingerie turn the lamp down low
My my well work it out I know that well get through
I may be down but Im not out as long as I got you

(Instrumental)

(Chorus)

Make love to me tonight like theres no tomorrow
You and only you can drive away my sorrow
Hold me in your lovely arms, never let me go
Wear that sexy lingerie turn the lamp down low
My my well work it out I know that well get through
I may be down but Im not out as long as I got you
