How can you say life's getting you down?
Get yourself out, go along with the crowd
You're all dressed up, got nowhere to go
You feel left out 'cause nobody showed
Listen babe

And when you think you're the only one
Who can't find love in this world
Tell yourself there's another one
Who's waiting for you somewhere

Somebody special is thinking of you
Somebody special is dreaming of you
Somebody special is longing for you
Somebody special

Magazine dreams are easy stuff
But Heaven knows they ain't good enough
Picture yourself from reel to reel
And get your hands on that driving wheel
And you know what

When it's hard to satisfy
A simple simple fantasy
Somebody somewhere is on your side
Waiting for you, crying

Somebody special is looking for you
Somebody special is searching for you
Somebody special is waiting for you
Somebody special
Somebody special

Somebody special
Oh, so special
Somebody special

Maybe your heart's tormenting you
Why should it have any reason to?
Wipe off that negativity
Put on some positivity

And when you think you're the only one
Who can't find love in this world
Tell yourself there's another one
Who's waiting for you somewhere, somewhere

Somebody special is dreaming of you
Somebody special is looking for you
Somebody special is waiting for you
Somebody special

Special
Somebody special
Looking for you, baby
