Follow the trail back  
Leaving without gold  
Neither of us have told  
Neither of us have told  
June or July  
We'll find our way back  
Nobody has to know  
Why

We need a little more help  
Than what we had when we started  
It's what we had when we started  
The only help to find

Go inside them, go inside them  
Your reference and no one, no one alive in  
Go inside them, go inside them  
Your reference and no one

You follow the trail back  
Leaving without gold  
Neither of us have told  
Neither of us have told  
And your ancient lost a light in  
Cutting funny in five  
If I paid you to say that  
I'd pay in the gold I'd find in

It's a little more help  
Than what you had when you started  
It's what I had when I started  
The only help to find

Go inside them, go inside them  
Your reference and no one, no one alive in
