Drivin' down the street today
I saw a sign for lemonade
They were the cutest kids
I'd ever seen in this front yard

As they handed me my glass
Smiled and thinkin' to myself
Man what a picture perfect postcard this would make
Of America

It's a high school prom
It's a springstein song
It's a ride in a chevrolet
It's a man on the moon
And fireflies in June
Kids sellin lemonade
It's cities and farms
It's open arms
One nation under God
It's America

Later on when I got home
I flipped the t.v on
I saw a little town that some big
Twister tore apart
People came from miles around
Just to help their neighbors out
And I was thinkin' to my self
I'm so glad that I live in America

It's a high school prom
It's a springstein song
It's a ride in a chevrolet
It's a man on the moon
And fireflies in June
Kids sellin lemonade
It's cities and farms
It's open arms
One nation under God
It's America

Now we don't always get it all right
But there's no place else I'd rather build my life

Cause it's a kid with a chance
It's a rock n roll band
It's a farmer cuttin' hay

It's a big flag flyin' in the summer wind
Over a fallen hero's grave.

It's a high school prom
It's a springstein song
It's a welcome home parade
It's a man on the moon
And fireflies in June
Kids sellin lemonade
It's cities and farms
It's open arms
One nation under God
It's America
