Sittin in six lane backed up traffic  
Horns a honkin, I've about had it  
I'm lookin for an exit sign  
Gotta get outta here, get it all off my mind  
And like a memory from your grandpa's attic  
A song comes slippin through the radio static  
Changin my mood  
A little George Strait 1982

And it makes me wanna take a back road  
Makes me wanna take the long way home  
Put a little gravel in my travel  
Unwind, unravel all night long  
Makes me wanna grab my honey  
Tear down some two lane country  
Who knows  
Get lost and get right with my soul  
Makes me wanna take, makes me wanna take a back  
road

I've been cooped up, tied down  
'Bout forgotten what a field looks like full of corn and  
cotton  
If I'm gonna hit a traffic jam  
Well it better be a tractor man  
So sick and tired of this interstate system  
I need the curvin, windin, twistin dusty path to nowhere  
With the wind blowin through my baby's hair

Yeah it makes me wanna take a back road  
Makes me wanna take the long way home  
Put a little gravel in my travel  
Unwind, unravel all night long  
Makes me wanna grab my honey  
Tear down some two lane country  
Who knows  
Get lost and get right with my soul  
Makes me wanna take, makes me wanna take a back  
road  
Some old back road

Maybe it's the feelin  
Or maybe it's the freedom  
Maybe it's that shady spot where we park the truck  
when things get hot  
Girl we park the truck when things get hot

And it makes me wanna take a back road  
Makes me wanna take the long way home  
Put a little gravel in my travel  
Unwind, unravel all night long  
Makes me wanna grab your honey  
Tear down some two lane country  
Who knows  
Get lost and get right with my soul  
Makes me wanna take, makes me wanna take a back  
road

Some old back road  
Get right with my soul  
All I gotta do is take some old back road  
To the shady spot where things get hot girl  
Way down, way down, way down some old back road
