[Rodney Feat. Flo Rida - Make a Movie]

Movie, movie... movie, movie
Mooovie mooovie (you got some potential baby)
mooovie mooovie (you got some potential baby)
Lets turn the lights down, it's all on you
Lets get a little personal, it's just us two
Girl gaze into my camera,
It's your audition, I'm your imager, see I'm the director
to make you a star,
South beach, hollywood, they'll know who you are girl
Without direction, you'll never get far, I need you, you
need me, baby girl

Let's make a mooovie, let's make a mooovie (you got
some potential baby)
Let's make a mooovie, let's make a mooovie (you got
some potential baby)

You can sit and think, while you have a drink
I'm over here, yeah in the single pad
Last girl I helped to go straight to the top
She was just like you, a little nervous too
When I said "action" she lost all control
Gave me a look, then she took off her clothes...
I could do the same, same thing for you, I need you,
you need me, baby

Let's make a mooovie, let's make a mooovie (you got
some potential baby)
Let's make a mooovie, let's make a mooovie (you got
some potential baby)

Bah bah black sheep had a litle lamb,
I had a girl that would stick like jam,
Booty so big say, it'd make ya say Damn! (damn) - I
gotta put her on film!
Scoop out the projects, nails and the hurr (hair) did
Live wid her momma, and she only got one kid
I can make you a star, we could shoot a scene in the
back of the car
Ecko on the dashboard, I record red'd out naw lil

momma it's ford
Over and over, never get bored
Halle barry status from a honda accord, yeeah
You on the right track, know me fresh shawty, don't
look back,
All them other girls don't know how to act
You deserve a oscar, run-a get packed
Last girl I help to go straight to the top to the top to the
top to the top

Let's make a mooovie, let's make a mooovie
Let's make a mooovie, let's make a mooovie (you got
some potential baby)
Let's make a mooovie, let's make a mooovie (you got
some potential baby)
Let's make a mooovie, let's make a mooovie (you got
some potential baby)

(you got some potential baby) (you got some potential
baby)
