Tonight
Must be a magic night
'Cause I can see stars
Falling in your eyes
Tonight
Must be a magic night
'Cause I can hear thunder
And each in every heart beat
I know it sounds crazy

But dreams are coming true
Standing here with you
Everytime you smile at me
Angels walk on through
I'm ready now to go
I'm ready now to follow my heart
Chances are we're gonna make it through
If you believe it too
That dreams are coming true

Tonight
Must be a magic night
'Cause I can feel your love
Reaching to embrace me
And baby when you take my hand
I understand this love is all or nothing
This love is here and now
I know it sounds crazy

But dreams are coming true
Standing here with you
Everytime you smile at me
Angels walk on through
I'm ready now to go
I'm ready now to follow my heart
Follow my heart

I was lost and gone forever
'Til I found myself tonight
Back into the light
'Cause I never stop believing

But dreams are coming true
Standing here with you
Everytime you smile at me
Angels walk on through
I'm ready now to go
I'm ready now to follow my heart
Chances are we're gonna make it through
If you believe it too
That dreams are coming true
As I'm standing here tonight with you
