Girl, I can't help myself
I'm stuck on the view
I like the way you do
The tricks that you do
You're flirting with the music
Like it's your boo
Got me lost in my fantasy
Picturing you and me

It's been a while and I still wonder
If I'll take your hand, take over
Control your body just for the night
Let me bless your hips
Just like you want to
Every step I share it with you
Let me do it right, do it right

You give me reason to party
I'll probably spend all my money
The way you Dance Dance Dance...
Got your spell on everybody
Girl you're an artist in naughty
The way you Dance Dance Dance...
And I don't see why I should stop
Cause all we gotta do tonight is
Dance Dance Dance...

I feel the ice is melting
Because of you
This drink could never ever
Compete with you
The way you make me feel
It's hard to be true
I'm so drunk on the energy you
Putting inside of me

It's been a while and I still wonder
If I'll take your hand, take over
Control your body just for the night
Let me bless your hips
Just like you want to
Every step I share it with you

Let me do it right, do it right

You give me reason to party
I'll probably spend all my money
The way you Dance Dance Dance...
Got your spell on everybody
Girl you're an artist in naughty
The way you Dance Dance Dance...
And I don't see why I should stop
Cause all we gotta do tonight is
Dance Dance Dance...

'Ey mr DJ please do me as favor
Turn it up a little bit
I wanna do this number
See, I got this little shorty
Acting like she really want it
And for sure she gonna get it
And she give me, give me, give me

You give me reason to party
I'll probably spend all my money
The way you Dance Dance Dance...
Got your spell on everybody
Girl you're an artist in naughty
The way you Dance Dance Dance...
And I don't see why I should stop
Cause all we gotta do tonight is
Dance Dance Dance...
