I was walking past this woman  
Just the other day  
From her neck  
I felt the very same aroma  
She was dipped in that cologne  
That u used to spray  
I just frozed and realized  
That u are gone now

Can't believe  
That u and I are separated  
Not living together  
Remember when u said that night  
That u and I would be forever  
Reminiscing as the tissue  
Wipe the tears away  
Wonder if I'm gonna wake up  
From this coma

That's when it hit me  
Like a flashback  
On how it used to be  
When u and I were still in love  
It hit me like a flashback  
Something that reminded me  
I can't believe that you are gone

That's when it hit me  
Like a flashback  
On how it used to be  
When u and I were still in love  
It hit me like a flashback  
Something that reminded me  
I can't believe that you are gone

I was driving past your  
Neighborhood the other day  
Couldn't help from  
Staring at your open window  
The I heard your favorite song  
That u used to play  
My whole world just crashed

Like a cymbal

Can't believe  
That u and I are separated  
Not living together  
Remember when u said that night  
That u and I would be forever  
What I wouldn't do to have u  
Coming back my way  
Now I'm standing brokenhearted  
Lost and single

That's when it hit me  
Like a flashback  
On how it used to be  
When u and I were still in love  
It hit me like a flashback  
Something that reminded me  
I can't believe that you are gone

That's when it hit me  
Like a flashback  
On how it used to be  
When u and I were still in love  
It hit me like a flashback  
Something that reminded me  
I can't believe that you are gone

Just like a time machine  
Taking me back to yesterday  
A million thoughts  
Are running through my head  
I think I'll go insane miss u so much  
I'm going crazy  
Crazy crazy  
Feels like I stumble in a storm  
And I can't find my way back  
Cause I just realized I lost  
The most precious thing that I had  
I'm going crazy, crazy, crazy

That's when it hit me  
Like a flashback  
On how it used to be  
When u and I were still in love  
It hit me like a flashback  
Something that reminded me  
I can't believe that you are gone
