Hit the lights
Start the show
Hear my first note in this microphone
Stop the band
Pass the throne
Once I shed my soul in this microphone
In this microphone x2
In this mic, in this mic, in this microphone

Standing in the center of attention
floating ten feet off the ground
The world belongs to me it's time
It's time for some fuckin' recognition
Yeah it's time to rock this town
It's hear right underneath my feet

I take a breath I break the shell
It's life or death

Chorus:
Hit the lights
Start the show
Hear my first note in this microphone
Stop the band
Pass the throne
Once I shed my soul in this microphone
In this microphone x2
In this mic, in this mic, in this microphone

I can feel the transformation
When I break out of my shell
I become someone else, myself
Tought I'm being something that I'm just not
Only this can set me free, this spot belongs to me
It's mine

I take a breath I break the shell
It's life or death

Chorus:
Hit the lights

Start the show
Hear my first note in this microphone
Stop the band
Pass the throne
Once I shed my soul in this microphone
In this microphone x2
In this mic, in this mic, in this microphone
In this microphone x2
In this mic, in this mic, in this microphone

Eh eh eh eh heee
Eh eh eh eh heee

In this microphone x2
In this mic, in this mic, in this microphone
In this microphone x2
In this mic, in this mic, in this microphone
