Move move
Move move

Jumping in the tour bus
I can't explain
This feeling is insane
Ready here I go
To play my game
It ain't gonna be the same
Putting my clothes on
Heading to the show
Lights off lights on boom it's on
Getting up on the stage
Won't you step up
Move with me

From town to town
I'll bring you
My kinda party
Let us make history
If you down with it
Just go with it

Move, throw them up put your hands up to the ceiling
Move, shake it up don't you try to hide that feeling
Move, front to back then side to side we're leaning
Move, you want it you'll get it
I'm gonna make you move

Move move
Move move

Been waiting so long
To live my dream
Guess now
I control the scene
From TV to radio
To the magazines
Backed up with
The finest team
Came to do my thing
I ain't never gonna stop

Step by step
I made it to the top
Here's my sound
Here's my steps
Time to get up
Move with me

From town to town
I'll bring you
My kinda party
Let us make history
If you down with it
Just go with it

Move, throw them up put your hands up to the ceiling
Move, shake it up don't you try to hide that feeling
Move, front to back then side to side we're leaning
Move, you want it you'll get it
I'm gonna make you move

If you feel this groove just show it
Right here right now let's do it
Jump jump jump jump
Jump jump jump

If you feel this groove just show it
Right here right now let's do it
Jump jump jump jump
Jump jump jump

If you feel this groove just show it
Right here right now let's do it
Jump jump jump jump
Jump jump jump

If you feel this groove just show it
Right here right now let's do it
Jump jump jump jump
Jump jump jump

I'm gonna make you move
Throw them up put your hands

Move, throw them up put your hands up to the ceiling
Move, shake it up don't you try to hide that feeling
Move, front to back then side to side we're leaning
Move, you want it you'll get it
I'm gonna make you move

Move, throw them up put your hands up to the ceiling
Move, shake it up don't you try to hide that feeling

Move, front to back then side to side we're leaning
Move, you want it you'll get it
I'm gonna make you move
