The way you kinda sing out of tune
And how you make me feel when I'm with you
You never edit what you say
You do your own thing your own way

The way your life's such a mess
Colours they don't match when you dress
The way you laugh at yourself
There could never be no one else

You're perfect
Don't change a thing
You're perfect
You're everything I need
I like the way you're not
Typical usual superficial visual
Just the way you are
You're perfect

The funny little style you dance
The silly way you pose for photographs
It doesn't matter what they say
Cause you like all the attention anyway

Out by the pool the party's getting hot
You are the first to take your clothes off
The way you play you rock my whole world
For me there's only really one girl

You're perfect
Don't change a thing
You're perfect
You're everything I need
I like the way you're not
Typical usual superficial visual
Just the way you are
You're perfect

So untraditional
One of a kind
Perfectly perfect
And your mine

A little bit crazy
But you're so amazing

You're perfect
Don't change a thing
You're perfect
You're everything I need
I like the way you're not
Typical usual superficial visual
Just the way you are

Oh oh oh
Don't change a thing
Yeah yeah yeah yeah
You're everything I need
I like the way you're not
Typical usual superficial visual
Just the way you are
You're perfect

Oh oh yeah yeah
Don't change a thing
You're perfect
(Oh oh yeah yeah)
You're everything I need
I like the way you're not
Typical usual superficial visual
Just the way you are
You're perfect
