I believed
We would last for centuries
Found it perfect
Although some did not agree

I could not imagine
Why we wouldn't last
They said we were
Too different and rushed
Much too fast

It took one look into your eyes to know that
I would love you endlessly
Though everybody say "Don't bother
You don't belong togehter"
You decided to stand by me

We proved them wrong
Beat the odds together still
I kept believing
Always have and always will

I could not imagine
Why we wouldn't last
I am glad
We rose above and
Beyond let it pass

It took one look into your eyes to know that
I would love you endlessly
Though everybody say "Don't bother
You don't belong togehter"
You decided to stand by me

Now look what we got
And how far we have come
I'm so proud we're still holding on
Staying strong

It took one look into your eyes to know that
I would love you endlessly
Though everybody say "Don't bother

You don't belong togehter"
You decided to stand by me

It took one look into your eyes to know that
I would love you endlessly
Though everybody say "Don't bother
You don't belong togehter"
You decided to stand by me
