Alright it's time to play  
You either down with me  
Or you just in the way  
I see you stirring it up girl  
I've got no time for games  
So let there be no delay  
Come on bring the noise  
There's a party downtown  
Now let me call my boys  
I'll see you at the club tonight  
I'll be chasing you down  
Like you ain't got no choice

Let's take this to another level  
Base pumpin turn up the treble  
"And we don't really give a damn"  
That's what they say  
So get your Ipod started  
Let the track play

Ladies this is the anthem  
I say "Let that body go girl  
And let me see you shake them"  
Fellas come on go and get it  
If you got what it takes  
Get of your brakes and don't sweat it

So come on get with the vibe  
I've got a little something  
That's gonna drive you wild  
You seem to know what I like girl  
Now this is how we do it  
Baby get on the ride  
Now let me touch your spot  
That jeans with that thong  
Got me feeling hot  
I know you're feeling me  
So baby work it for me  
And let me see what you got

Let's take this to another level  
Base pumpin turn up the treble

"And we don't really give a damn"  
That's what they say  
So get your Ipod started  
Let the track play

Ladies this is the anthem  
I say "Let that body go girl  
And let me see you shake them"  
Fellas come on go and get it  
If you got what it takes  
Get of your brakes and don't sweat it

Ladies this is the anthem  
I say "Let that body go girl  
And let me see you shake them"  
Fellas come on go and get it
